

Charles Darwin was certainly one of the most influential people of our world over the past few hundred years. However, with the knowledge that we have today, knowledge which he did not have, we see that almost all of his ideas were wrong. We invite you to find out:

Why Darwin Was

WRONG

Guest Speaker

Dr. John Baumgardner

PHD in Geophysics

Darwin Was Wrong About:

- The Complexity of Life
- The Fossil Record
- Extrapolation from Molecules to Man
- Geology, particularly gradualism
- Most aspects of natural selection
- Race
